

Hellion

Players:

Scot: Ty Wren, Cyborg Soldier
Danielle: Tobi, G-Mod Con Artist
Erick: Sebastian 387G55, Bioroid

Location: Miguel Hidalgo Arcology, New Angeles

An old woman who lives on level 30 is putting up fliers for her missing cat, a gray & white cat called "Ice Cream."

Miguel & Arnold, members of Los Naufragos.

Cyber eyes shop next to Rose Cantina: **Hong's**, owned by **Mr. Hong**.

Information at Rose Cantina:

Alejandro: needs help as "Kong" is out sick.

Yolanda: Hellions are an urban myth.

Location: Miguel Hidalgo Under-Arcology

JendaF: a cyborg veteran that works in under-arcology as a maintenance tech. Who knows how she gets paid. Monstrous and not much to look at, what little woman is still left in her.

Hellion found in abandoned office.

There is a psycho at work in Miguel Hidalgo Arcology!?

Sebastian takes Hellion to closest NAPD station, but police don't take him seriously.

Notes:

Use Discord next time.

Pick up game from this point.

Danielle: Tobi wants to figure out what Yolanda is about.
